

Keynote address at the NCDs workshop in Chennai

July 14, 2018: Dr. Sania Nishtar gave the keynote address at the NCDs event in Chennai organized by the Public Health Foundation of India, DIWWAAS and HRIDAY. The event focused on Girls, Women and Diabetes and was held on July 14-15, 2018. The aim of the workshop was to share and learn about the challenges and potential solutions on diabetes prevention and control especially employing a gender lens, within the overall ambit of prevention and control of Non-Communicable Diseases.
