

Dr. Sania Nishtar at Women Deliver

May 17, 2016: In her capacity as Chair of the Independent Accountability Panel, Dr. Sania Nishtar participated virtually in a 'hearing style session' at the Women Deliver conference, which was held in Copenhagen, to elicit views and recommendations from the audience on the work of the panel. Her message was read out by Carmen Barosa, also a member of the IAP. This hearing style session was aimed at sharing information on the work of the Independent Accountability Panel.
