

The Post-Gateway Policy Roundtable on Population as a Denominator for Health

June 26, 2006 – Holiday Inn Islamabad Hotel, Islamabad

This strategic consultation was held in collaboration with the Ministry of Population Welfare and The David and Lucile Packard Foundation, Pakistan. The objective was to deliberate on issues related to population and their influence on the health status of the people of Pakistan and to formulate policy recommendations for integrate and/or promotion of better coordination between the ministries of population and health.
